

Empowering single mothers to achieve self-sufficiency by providing safe housing, a network of support, employment, and life skills training.

Life skills * Leadership Training * Life Transformation

For 25 years, Havenwood has been blessed to share in the lives of over 500 single moms and more than 1,000 of their children. We offer housing and supportive services; **moving women out of crisis and homelessness and into self-sufficiency**. We offer our families a hand up and not a hand out; *helping them to achieve their own success*. In addition to housing needs, Havenwood provides individualized case management, parenting classes, and job readiness training for each family. Havenwood is so much more than a safe place to live. Havenwood transforms lives.
