

## **CAN YOU HELP A FAMILY IN NEED?**

This past week, a member of our church family received custody of five grandchildren, ages 12 and younger. The couple is not financially prepared to meet the needs of five additional people in their household, and it will be at least 20 days before they begin to receive assistance from the state foster program.

Our congregation is helping in several ways. First, Second Street Pantry has already jumped in and is delivering food and other assistance. We have also connected them to other resources in the community and were able to help them find five beds for the children.

Now, we are asking if you will help with financial assistance. We have created a giving account on our church website. If you would like to offer a gift, please visit our website [HERE](#) and choose **FAMILY SUPPORT** from the FUND drop down menu to make a contribution. Thank you so much for your help!
