

Perhaps you have (or soon will receive) a check or direct deposit from the U.S. Treasury for an amount up to \$600 per person as a part of the second Covid-19 economic boost. For many of our citizens, certainly including some reading this message, it will be a Godsend.

For others it is a great opportunity to financially help our church ministry through a most difficult 2020 and early 2021. Emily and I invite you to consider passing on this gift, or a part thereof, to bolster our church's finances, and thus its services to our community – perhaps one-half to our general church operations to support any much needed building repairs and one-half to our excellent food ministry, Second Street Pantry? If you are able, please consider joining us age 80+ members/communicants in sharing our gifts with those who may need it more. Contact the church office to share a donation at 479.273.2712 or give online at fumcbentonville.org/give.

Sincerely,

John & Emily Douglas
